EDGAR A. OSBORN.

TOWN WARRANT

To the inhabitants of the Town of Derry, qualified to vote in Town affairs:

You are hereby instructed to meet at the Adams Memorial Building in said Town on the second Tuesday of March next, at Ten O'Clock in the forenoon to act upon the following subjects:

1. To elect one selectman for three years, Town Clerk, Collector of Taxes, Library Trustees, Trustees of the Trust Funds, Auditors, and all other necessary town officials for the year ensuing.

2. To vote to raise and appropriate such sums of money as may be necessary for the support of schools, maintenance of the poor, for laying out and repairing highways, for building and repairing bridges, for the maintenance of trunk line and State Aid roads, for the suppression of moths, for the police department and Municipal Court, for hydrant services and electric lights, for salaries of Town officials, for the Board of Health, for the expenses of Town hall, for the support of libraries, for payments to the sinking fund, for State and County taxes, for the use of Upton Post No. 45, G. A. R., for aid to the Derry Visiting Nurse Association, for co-operating with the State and Federal Governments in the control of the white pine blister, and for all other necessary charges arising in said Town, and pass any vote relating thereto.

3. To hear the reports of agents, auditors, and committees heretofore chosen and pass any vote relating thereto.

4. To see if the Town will vote to raise and appropriate a sum of money for the permanent improvement of highways in accordance with the provisions of Sec. 4, of Chapter 35 of the Laws of 1905 and any amendments thereto and pass any vote relating to the same.

5. To see what sum of money the Town will vote to raise and appropriate to sprinkle or oil the streets and pass any vote relating thereto.

6. To see if the Town will vote to authorize its Selectmen to borrow money in anticipation of taxes on the negotiable notes of the Town and pass any vote relating thereto.

7. To see if the Town will vote to accept the provisions of Chapter 117, Laws of 1917, on a section of the Derry-Raymond Road, so-called, and appropriate or set aside from the amount raised for highway work the sum of \$300.00 for this purpose, and pass any vote relating thereto.

8. To bring in your ballots upon the question as to whether the amendment proposed by the Convention to revise the Constitution shall be approved.

9. To see if the Town will vote to authorize its board of Selectmen to lease the East Derry Town Hall for such period of time, to such parties and upon such terms as in their opinion shall be for the best interest of the Town, and pass any vote relating thereto.

10. To see if the Town will vote to authorize its Board of Selectmen to effect a compromise of the

Parker matter with the heirs of Edward T. Parker and for the purpose of carrying out any such compromise to authorize its selectmen to convey by proper deed the interest of the Town in the whole or a portion of the Edward T. Parker place in East Derry and pass any vote relating thereto.

11. To see if the Town will vote to raise and appropriate a sum of money not exceeding \$800.00 toward defraying the expenses of celebrating the Fourth of July, and to pass any vote relating thereto.

12. To see what action the Town will take in regard to raising and appropriating a sum of money for erecting of a bronze memorial tablet to all the honorably discharged soldiers and sailors of the World War, to appoint any necessary committees in connection with the same and pass any vote relating thereto.

13. To see what sum of money the Town will vote to raise and appropriate for the purpose of co-operating with the State and Federal Governments in making permanent improvements upon the Rockingham Road and pass any vote relating thereto.

14. To see if the Town will vote to authorize its Selectmen to borrow not exceeding \$20,000.00 upon the negotiable notes of the Town for the purpose of co-operating with the State and Federal Governments in making permanent improvements upon the Rockingham Road; to fix the time and amount of such notes; the time and place of payment; the rate of interest and the time when such interest shall be paid; the manner of payment; all to be done in accordance with the provisions of Chapter 129 of the Laws of 1917 and any amendments thereto.

15. To see what sum of money the Town will

vote to raise and appropriate for the purpose of co-operating with the State in the construction of a portion of the Derry-Raymond Road, so-called, and pass any vote relating thereto.

16. To see if the Town will direct the Tax Collector to allow a discount to all persons paying their taxes within such period as the Town shall limit, to fix the rate of such discount and pass any vote relating thereto.

17. To appoint any necessary committee on any article embraced in this warrant.

Given under our hands and seals this twenty-fourth day of February, 1923.

WALTER R. MARTIN,
RAYMOND A. NORRIS,
GEORGE W. HOISINGTON,
Selectmen of Derry.

A true copy of the Warrant—Attest.

WALTER R. MARTIN,
RAYMOND A. NORRIS,
GEORGE W. HOISINGTON,
Selectmen of Derry.

DERRY FIRE DISTRICT

To the Voters of the Derry Fire District:

Your board of firewards submit the following report. The Department has answered 58 alarms in the past year. 45 were still alarms and 13 bell alarms. The property damage total was \$13,971. The value of the property in which the fires occurred was \$361,760. We have had occasion to put new ladders to the most severe tests in the last year and they have proven to be all that we could ask for. We wish to thank the Public for their support and for their cooperation in preventing fires. We also wish to thank the firemen for their prompt and faithful discharge of duty.

Respectfully,

W. F. CHASE,
G. W. HOISINGTON
LOUIS B. MORIN

Firewards.

WILLIAM T. MORSE,

Treasurer of Derry Fire District.

This certifies that I have this day examined the accounts of William T. Morse, treasurer of the Derry Fire District and find them correctly cast with proper vouchers for this money, paid out, and the balance compares with the Bank statement.

FRANK M. STEARNS, Auditor.

Derry, N. H. February 12, 1923.

BOARD OF HEALTH REPORT

The town has again been fortunate in not having been visited by many cases of contagious diseases.

The schools at the beginning of the year had a run of Impetigo Contagiosa which were handled and soon controlled.

It is still a state law that all tuberculosis cases must be reported but only one case has been brought to my notice and that by a non-resident physician. Such cases may be reported by anyone interested in the prevention of tuberculosis.

Through the activity of the Farm Bureau, with the assistance of the Red Cross and various clubs in town a Dental Clinic has been opened to the school children and a number have taken advantage of this chance of improving the health of their children.

The other clinics have been well patronized and are showing good results which well warrant their continuance.

The town is still badly in need of an adequate sewer system and it is hoped that some move in that direction will be started soon. There have been two or three badly neglected cesspools and drains, causing flooding of cellars and making the premises a menace to the health of the tenants.

In these days when so much is being said and done to enlighten people about conditions of sanitation and health, it is hardly conceivable that there are some property owners who allow such bad conditions to exist, after being repeatedly informed, especially in houses where there are a number of small children in the family.

C. E. NEWELL, M. D.,
Health Officer.

DERRY WATER WORKS

Board of Commissioners

WILLIAM T. MORSE, Term expires January 1, 1924.
 L. HENRY BAILEY, Term expires January 1, 1925.
 GUSTAVUS H. BEAN, Term expires January 1, 1926.

OFFICERS

G. H. BEAN, Chairman.

WILLIAM T. MORSE, Clerk of Board.

G. H. BEAN, Superintendent.

CHARLES BARTLETT, Treasurer.

To the Board of Water Commissioners:

I herewith submit the annual report of the Superintendent for the year ending. December 31, 1922.

This year we have extended the water pipe on Cedar St. 225 feet with two inch pipe and 200 feet with one inch pipe. On Everett St. 100 feet with one inch pipe and at the end of West Broadway near the Londonderry line 220 feet with one and a fourth inch pipe. On W. Broadway 375 feet of six inch cast iron pipe was laid, from the hydrant at the West Side school down the hill and under the brook to the west side, this connected two "dead ends."

Four services have been relaid, and six repaired. Two hydrants and four gates have also been repaired. 146 meters have been cleaned, repaired and tested. 68 gates and 69 hydrants were tested twice during the summer and as often as every ten days during the winter.

On July 1, 1922, \$25,000 of the original bonds held by N. W. Harris & Co., came due, it was necessary to borrow \$5,000 to meet this payment, the amount was loaned to us by the First National Bank of Derry on a short term note due June 26, 1923.

The water has been analyzed by the State Board of Health every month, the reports are satisfactory

and continue to show that the water is of good quality.

The net gain this year over and above running expenses was \$2,829.15.

STATISTICS.

Number of services January 1, 1922, 877.

Number added during the year, 18.

Total number 895 of which 649 are metered.

Number of meters added during the year, 31.

Number of hydrants, 69.

Total number of gallons of water pumped, 60,679,518.

Average number of gallons pumped per day, 166,245.

Total number of K. W. H. of electricity used, 82,030.

Average number of gallons pumped per K. W. H. 739.

Average cost of electricity per 1000 gallons, .0293.

Number of pounds of coal for heating, 52,350.

DERRY PUBLIC LIBRARY.

Report of the trustees of the Derry Public Library.

The reports of the librarian and treasurer show the work of the library for the last year and leave nothing to be added to acquaint the public with the same. The trustees would respectfully submit those reports to the consideration of the voters of Derry believing that they will be sufficient to convince all interested that the money raised for the support of the library is well expended, and a wise investment.

MARY H. MESERVE,
C. H. CLEMENT,
NELLA F. CALLAHAN,
HARRIET D. LOW,
J. H. NICHOLS,

Trustees.

J. H. NICHOLS, Chairman.

HARRIET D. LOW, Secretary and Treasurer.

DERRY PUBLIC LIBRARY.

Librarians Report.

To the Trustees of the Derry Public Library:

The 18th annual report for the year ending January 31, 1923 is herewith presented:—

The library has continued to serve the public in numerous ways within its sphere as in the past and the report differs but little from that of the preceeding year. Our circulation increased during the first part of the year but fell off during the latter part and in the total shows a small decrease. The percentage of fiction has slightly increased and non-fiction correspondingly decreased.

By news items, lists of new books, etc. the library has been kept before the public. Posters setting forth the advantages of the library have been placed on the bulletin boards of the various factories.

During the summer months a vacation course was conducted among the good pupils. This interested about forty girls and boys; twelve of whom finished the course of six prescribed books and were awarded a certificate for good reading. These were presented before the pupils of the several grades during the first week of school.

During November "Children's Book Week" was observed for the second time and again drew the attention of children and a few parents. The librarian during this week visited all the school rooms in the village from the 4th to the 8th grades seeking to enlist the interest of teachers and pupils in the opportunities the library has to offer.

The Librarian attended the annual N. H. Library Association at Laconia and the assistant, Mrs. Howe, represented the library at the neighborhood meeting held at Nashua.

The library acknowledges with gratitude the gifts of the Woman's Club, the Harmony Club and individuals, a complete list being given elsewhere in this report.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Derry qualified to vote in district affairs:

You are hereby notified to meet at Adams Memorial Building, in said district on the 17th day of March 1923 at 2 o'clock in the Afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
6. To choose Agents, Auditors and Committees

in relation to any subject embraced in this warrant.

7. To see how much money the District will raise and appropriate for the support of schools, high school tuition and for the payment of other obligations as set forth in the budget presented by the school board.

8. To see if the district will authorize the school board to enter into a contract with the trustees of Pinkerton Academy subject to the approval of the State Board of Education for the education of high school pupils at the rate of \$70.00 per pupil and for what period of time.

Given under our hands at said Derry this 13th day of February, 1923.

HERBERT L. GRINNELL, Jr.

EVA C. DAY,

FREDERICK J. GRADY.

REPORT OF SUPERINTENDENT OF SCHOOLS

To Derry School Boards:—

I herewith submit my third annual report of the progress of the local schools. In doing so I desire to note my own viewpoint on some popular opinions entertained concerning the general aim of the work of the schools whether they are of the three R type or of more modern curricula.

Books, courses of study, teaching outlines and a certain scholarly veneer, the pupil may attain, are factors secondary to the questions: has the pupil discovered his own genius and has he attained the power of self control? Until we are able to say that we are helping our children to discover their power and limitations and show them how to get out of their lives the largest and best possibilities we will fall short of our real function in education. In other words the children ought to be taught not only to know things but also to know themselves, to be skillful in doing and understanding certain things, and to have acquired a self mastery which enables them to compel themselves to do the things they know themselves skillful in doing.

Recitations stiff and formal with all details carefully planned, directed and controlled by the teacher where the pupils are concerned with sitting, looking and listening and answering when properly "pumped" do not afford the opportunities for self mastery. Our

pupils must be given a broader field to work in. The school house should take on the characteristics of the workshop. Wider opportunities should be offered the children to test and develop their skills both with their heads and their hands.

While a good beginning has been made with a favorable organization and the recitations modified so that they are more social in character I fear we are emphasizing the development of intellectual skill solely. Many pupils fail to understand much of the abstract work of the school room, owing to the lack of opportunity to learn the thing by doing it. In view of the fact that our pupils are not all "highbrow" it would seem sensible to expand our program so that more manual activities may be included in the curriculum.

THE DENTAL CLINIC

Through the efforts of our school nurse Miss McCaulay, Miss Williamson of the extension department of Durham College and Miss Page of the Farm Bureau a dental clinic has been established in our schools. The local Red Cross, Derry Woman's Club, Men's Club, School Board and other organizations have assisted in the maintenance of this good work.

The clinic has operated in various school houses with Dr. G. F. V. Nettleton as dentist. Too much cannot be said in praise of the good work accomplished in this clinic. Twelve hundred and sixty nine fillings have been put into the mouths of 138 children to date. Reckoning other dental operations in addition to the number of fillings over 1500 operations have been performed. A large amount of toothache has been relieved and valuable instruction in dental hygiene given.

The average cost to the children has been sixty cents per operation while the net cost of operating the clinic has been approximately eighty cents per

operation representing a loss of twenty cents per operation to the clinic. It is hoped that this loss will be taken care of locally in some way.

Stimulated by the activities of the clinic a large number of children have been treated by the local dentists. The object of the clinic is to bring this about. No children above the eighth grade are treated in the clinic the idea being to habituate the child to proper dental hygiene.

SCHOOL NURSE

The health department is being carried on with its customary vigor. Miss McCauley has made the annual inspections and examinations with the assistance of the local physicians who have given their services free of charge. The follow up work including the work of the Red Cross clinic is worthy of the highest praise.

The following statistical report of this department indicates the character of the work done.

LIST OF DEFECTS REVEALED BY MEDICAL INSPECTION.

January 31, 1922—March 1, 1923:

No. pupils examined	824	Cards to parents	Correct.
Skin diseases	33	33	33
Orthopedic	11	11	6
Defective teeth	490	490	319
Defective tonsils	450	450	41
Adenoids	131	131	41
Enlarged cervical gls.	201	201	
Enlarged thyroid gls.	7	7	
Defective vision	56	56	18
Malnutrition	272		
Defective hearing	13	13	4
Scabies	18	18	18

Pediculosis	31	31	31
Unvaccinated	27	27	27
Cardiac diseases	25	25	4

THE WORK OF THE SCHOOL ROOM

My previous reports have dealt largely with equipment conditions of buildings and grounds and modern methods of pedagogy. During this time the subject matter and government of the schools have not been slighted.

Reading, writing, arithmetic, spelling and history have been recently rounded up from a supervisory point of view. Geography, nature and citizenship apparently need attention. Teachers meetings are held monthly to stimulate this work by discussion, talks and demonstrations. The meetings have been well attended.

Some of the parents have been disturbed by the belief that writing is not taught in our schools. The Houston Writing Manuals were distributed two years ago in all schools and a book of instructions was given each teacher. Recently Mr. Houston gave one-half day's instruction to the teachers. The teachers have also had the opportunity to have his instructions at summer school.

We have also supplemented the instructions given in teachers' meetings with examinations from which standards of comparisons may be derived such as the Ayer's tests in reading, writing and spelling and the Stuebaker tests in arithmetic.

I will not go into detail in regard to the results of these tests. The median (about the average) results are given in the appended tables for the benefit of teachers, desiring to deal with the pupils, who individually stand low and those who are interested in the general progress of the schools.

It is the idea of the writer that these tables should be used by the teachers to compare the scores made by their children individually. When a child has attained the standard for his grade in a subject he may be grouped with children of his own standard of attainment while the teacher gives to the group or groups not up to the standard a larger amount of instruction. The group up to the standard may carry on the subject as a special group. It is obvious that a pupil may be up to standard in one or more subjects and below in one or more. By grouping and regrouping the children according to frequent tests much of the work that is below standard may be reduced.

Many interesting deductions may be made from a study of these tables. These would be commented upon more fully were it not for the limits of this report.

Other tests have been given in history, civics, science, geography and arithmetic for the purpose of testing the general knowledge of the subject matter and to stimulate the work of the schoolroom. These tests were derived from questions submitted by pupils and teachers of this district. They were then put in form so that they may be answered quickly. There are thirty questions in each test like the following:

Test III—Geography and Science

Directions:—Below are some statements about geography and science such as Australia is a CON-TINENT a peninsula a canal an island. The correct word is "a continent" so that word has been underlined. The statement now reads "Australia is a continent," which is true. In each of the numbered paragraphs below one of the words or group of words makes the statement correct. For your answer underline the correct word or group of words. Use good sense in your answers and work as rapidly as possible.

1. Pennsylvania is important in Manufacturing because of: iron wheat copper cotton.

2. The St. Lawrence is an important river because: of the lowlands the hunting a trade routs immense water power.

3. The chief reason for extensive sheep raising in Australia is: cheap land the wool gathering moisture abundant harvests grassy plains

4. Hogs are grown in the central states because of: erosion coal the corn belt skilful farming

These tests have been given in many other places. Results for comparison were received from Hanover and Bristol. The median results in history were Derry 21, Bristol 20; Hanover 19; English, Derry 18, Bristol 17, Hanover 17, science and geography, Hanover 22, Derry 22, Bristol 20; arithmetic, Bristol 24, Derry 21, Hanover 20.

GOVERNMENT.

Many good ventures have been made by our schools during the past year. The best one, I believe, is the inauguration of a measure of self government in the junior high school. The school has a full organization of civic officers, properly chartered and constituted. The civic committee called upon me this evening to learn if the pupils could not take measures to improve the sanitary conditions around the school sink. They were assured that the school board would supply the needed materials, and otherwise encouraged in their venture.

PINKERTON ACADEMY.

The work of the high school pupils at the Academy has been more closely followed this year. The teachers there have been urged to give individual attention to the pupils who show weakness and to ask them to return for special work in the afternoon. A closer relationship between the home and school is also urged. In addition to the regular reports, deficiency reports are asked for and the teachers requested to notify the parents at once when it is clear that the pupil is not responding according to fair standards. Special reports have also been made to the parents when it was found that the work of the school had not been attended to properly, and parents have been advised how to remedy such conditions. The pupils are required to meet the standard of requirements at Pinkerton by punctual attendance, home study, a good attitude toward the teachers and school, careful attention in recitation and, in case of deficiency, to consult the teachers daily until the deficiency is made up. With a few exceptions the work of the Derry pupils has been creditable.

In concluding this report I wish to thank you, mem-

bers of the School Board, for loyal support and the abundant amount of time you have devoted in Board Meetings to the many and varied problems as they have arisen.

Respectfully submitted,

CARL COTTON,

Superintendent.
